A Mi Tuo Fo

Our Story

Dear Customers,

Welcome to Gigi Gao's Favourite Authentic Chinese which was awarded the honour of the title of The Best Oriental Restaurant in Wales by Golden Chopsticks Awards judged by Gok Wan, Chef Ken Hom OBE, Ching He Huang, Simon Rimmer of Sunday Brunch etc.

I am Gigi and I am the founder of the restaurant. I qualified as a Chinese lawyer in 1997. I've been in this country since 2004 with an ambition to be an international & UK lawyer. I obtained two master degrees in International Law. I also successfully completed the courses which are essential to be qualified as a solicitor in the UK.

However, I was privileged to come across many people who love the Chinese cuisines. My ex boyfriend's same disappointment about not being able to find real Chinese food inspired me to bring authentic Chinese food to here.

Why Gigi Gao's is different and unique?

Authentic : Same food you would find in North China

Quality : We use fresh meats, the best ingredients/materials we can get.

Quantity : Our Quantity = Quality, and even beyond.

Healthy : We do not use MSG which is harmful to long term health.

Experience: Unique dining experience rather than merely delicious food.

Decoration: Designed as a small China showing Chinese cultures

Cultures : Introducing traditional Chinese cultures, Food, Teas, New Year, Weddings, Music, Instruments, Zodiac, Decoration etc

Friendly : Making you home feeling in our restaurant.

Teas : We will be introducing you more and more different high quality Chinese teas and the elegant Chinese tea culture.

Parties : We try our best making your party memorable and unforgettable.

Enjoyment: Your enjoyment with Gigi's is our goal.

Free chopstick lessons: Please just ask.

Please Note:

The main difference between Chinese and Western dining, is that the Chinese always share dishes, therefore, the dish will be brought to table once being freshly cooked. It is advisable, that to avoid your food getting cold, you start eating once the food arrives at the table rather than waiting for all the dishes. We certainly cook for you as fast as possible to reduce waiting time between each dish.

Food Allergies and Specific Dietary Requirements

Please inform us of any of the above when placing your order. Soya Sauce, Sesame Oil and Peanuts are commonly used in Chinese food. We can't guarantee any cross contaminations as we use same kitchen and equipments.

For Group Parties We don't split bills!

We strongly recommend our Set Menu for groups over 8 people as it enables you enjoy your food all together at the similar time to avoid delaying or confusing dishes! Sometimes, Set Menu Only.

Bookings For Parties:

Birthdays, Anniversaries, Graduations etc

We are popular for parties especially birthdays. We try our best to make sure the birthday person has an outstanding experience and feel extra special on the day. The way we celebrating and our special birthday gifts give them a great memory to treasure. We appreciate any forgiveness in case we are too busy to do it but we would still give the birthday gifts with acknowledgement.

Music

Our music is ShangHai Jazz, GuZheng (Zither), PiPa (Lute).

GONG BAO DISHES 宫保类

also transcribed as kung pao or kungpo, is a classic dish in Chinese cuisine which originated in the Sichuan province of south-western China. It has been one of our most popular dishes for a long time. The tender taste of the chicken matches great with the crispy peanuts, cucumber, carrots, onions, with a combined sweet, sour and spicy taste. I cooked Gong Bao Chicken on the BBC Radio Wales, Celerion show in January 2017 for Chinese New Year.

豆腐, DouFu (PinYin), ToFu (Cantonese), is a pretty common food in China which also known as bean curd in soft, firm. It is naturally gluten-free, an important source of protein and has a low calorie count also high in iron in the vegetarian diet of East Asian Buddhism. Li ShiZhen in the Ming Dynasty described a method of making DouFu in the Compendium of Material Medical as it can have high calcium or magnesium content. It can speed up detoxification process, protect the liver, it is suitable for people with diabetes, ones with high cholesterol level and inflamed respiratory tract. Beancurd is dried DouFu which is very popular for both cold and hot dishes.
