## Our Story

Dear Customers,

Welcome to Gigi Gao's Favourite Authentic Chinese, the Multi Awarding Winning BEST CHINESE RESTAURANT in Wales!

I am Gigi and I am the founder of the restaurant. I qualified as a Chinese lawyer in 1997. I've been in this country since 2004 with an ambition to be an international & UK lawyer. I obtained two master degrees in International Law. I also successfully completed the courses which are essential to be qualified as a solicitor in the UK.

However, I was privileged to come across many people who love the Chinese cuisines. My exboyfriend's same disappointment about not being able to find real Chinese food inspired me to bring authentic Chinese food to here.

## Why Gigi Gao's is different and unique?

**Authentic** : Same food you would found in North China

**Quality** : We use fresh meats, the best ingredients/materials we can get.

**Quantity** : Our Quantity = Quality, and even beyond.

**Healthy** : We do not use MSG which is harmful to long term health.

**Experience**: Unique dining experience rather than merely delicious food.

**Decoration**: Designed as a small China showing Chinese cultures

**Cultures** : Introducing traditional Chinese cultures, Food, Teas, New Year, Weddings, Music, Instruments, Zodiac, Decoration etc

**Friendly** : Making you home feeling in our restaurant.

**Teas** : We will be introducing you more and more different high quality Chinese teas and the elegant Chinese tea culture.

**Parties** : We try our best making you party memorable and unforgettable.

**Enjoyment**: Your enjoyment with Gigi's is our goal.

**Free chopstick lessons**: Please just ask.

## Please Note:

The main difference between Chinese and Western dining, is that the Chinese always share dishes, therefore, the dish will be brought to table once being freshly cooked. It is advisable, that to avoid your food getting cold you start eating once the food arrives at the table rather than waiting for all the dishes. We certainly cook for you as fast as possible to reduce waiting time between each dish.

## Food Allergies and Specific Dietary Requirements

Please inform us of any of the above when placing your order. Soya Sauce, Sesame Oil and Peanuts are commonly used in Chinese food. We can't guarantee any cross contaminations as we use same kitchen and equipments.

## For Group Parties We don't split bills!

We strongly recommend our Set Menus for groups over 8 people as it enables you enjoy your food all together at the similar time to avoid delaying or confusing dishes! Sometimes, Set Menu Only.

## Bookings For Parties:

**Birthdays, Anniversaries, Graduations etc**

We are popular for parties especially birthdays. We try our best to make sure the birthday person has an outstanding experience and feel extra special on the day. The way we celebrating and our special birthday gifts give them a great memory to treasure. We appreciate any forgiveness in case we are too busy to do it but we would still give the birthday gifts if informed.

## Music

Our music is ShangHai Jazz, Guzheng(Zither),PiPa ( Lute ) .

## Feedback

**All pictures for reference only.**

Tips is voluntarily for good luck both you and us, which you can refuse.

We work hard, strive for the best and want to provide you with excellent service, It will be highly appreciated if you could review us on Google, Facebook, Tripadvisor to spread the positive words to more people finding and enjoying authentic and healthy Chinese food with a unique dining experience, In case of any reasonable concerns or dissatisfaction, please talk to us and let us know IMMEDIATELY and certainly before you leave the premises. We will do our best to solve any issues straight away and ensure you are leaving our restaurant completely satisfied.

# GLUTEN FREE DISHES & ALLERGIES GUIDANCE

Please refer pictures to Menus for the same dishes.  
Dear Gluten Free & Allergy Suffering Customers,

Thank you so much for choosing Gigi's for your gluten free dining. There are many choices from our menu for you. We do not use wheat starch but we use potato starch as an alternative. We also use many other gluten free ingredients including soya sauce where appropriate.

Please be aware, however, that similar to most restaurants in Swansea, we are not able to guarantee cross contamination since we have only one kitchen and use same cooking equipment. The pans and utensils are all washed after every single meal cooked.

Some of our dishes are naturally gluten free, some dishes can be adapted to be gluten free, but please make sure let our staff know about your requirements whilst you are ordering.

Some sufferers are unable to eat Rice due to their high level of sensitivity in respect of their personal allergy, in which case we recommend to avoid it. We do however have many sufferers who happily consume Rice, so the choice is entirely personal.

# 腐竹 BEANCURD

Beancurd, it's one of kind of DouFu (Tofu), which the product made from soybeans. Also called Dried Bean Curd or Soybean Skin (腐竹 FuZhu).

Beancurd is a misnomer; it is actually soybean milk skin, made by lifting away the sheet that forms on the surface of heated soy milk. The sheet can be dried in flat form, or bunched up into bundles. In Chinese cuisine, the skins are a mainstay of the vegetarian diet, though I've never known a meat eater who didn't like the half-tender, half chewy texture of the product. It's not only my favorite food But for most Chinese which used in lots dishes, either vegetable or meat dishes. Some customer was confused it as meats by the appearance and taste. But, don't worry, it's PURE VEGAN and very healthy food.
